

ORDERING YOUR PATCH IS AS EASY AS 1,2,3

STEP 1 If you have an existing patch, logo, decal or artwork, please send it. If not, make a sketch of your idea. Use one of the provided shapes, or, if yours is different, use the space provided on the quotation request form. Remember, any size and shape is possible.

Important:

- Be sure to indicate the colors you desire with pointers to the correct areas.
- Make a sketch actual size, or indicate correct dimensions.

Tips on Designing

- Use your imagination! There are no limits to size and shape, and the provided shapes can be used upside down, sideways... anyway you like.
- Never indicate lettering smaller than 1/4 of an inch. Allow room for borders. If using a provided shape, place lettering inside the dotted lines.
- Don't crowd your lettering. Allow room for greater legibility and a more attractive patch.
- Select contrasting colors for a more dramatic and beautiful patch. Put light colors on dark backgrounds, or vice-versa. Avoid the use of yellow on white.

STEP 2 Fill out the request form.

Name _____

Firm or Organization _____

Address _____

City _____ State _____ Zip _____

Telephone # _____ Quantity Desired _____

WE WILL MANUFACTURE AS FEW AS 50 PIECES OR AS MANY AS YOU WISH
